Value to customer

How are you revitalizing?

- ✓ We start by removing the old electronic equipment, motor and belt.
- ✓ Then we quickly degrease inside your header to provide a clean home for your new equipment.
- ✓ We replace wheel carriages and bottom guides on the doors to provide a smooth & quiet operation.
- ✓ Next we install the new control board, motor, belt assembly, pulley, control switch and sensors.
- ✓ Top it all off with a second clean and you have a new revitalized automatic sliding door!
